

# **EXHIBIT 16**

IN THE UNITED STATES DISTRICT COURT  
FOR THE EASTERN DISTRICT OF PENNSYLVANIA

AMERICAN CIVIL LIBERTIES UNION,  
et al.,

Plaintiffs,

v.

ALBERTO R. GONZALES, in his official  
capacity as Attorney General of the United  
States,

Defendant.

Civil Action No.  
98-CV-5591

**AARON PECKHAM D/B/A URBAN DICTIONARY.COM'S RESPONSES AND  
OBJECTIONS TO DEFENDANT'S FIRST SET OF INTERROGATORIES**

Pursuant to Rules 26 and 33 of the Federal Rules of Civil Procedure, Plaintiff Aaron Peckham d/b/a Urban Dictionary.com ("Plaintiff") responds and objects to Defendant Alberto R. Gonzales's First Set of Interrogatories ("Interrogatories") as follows:

**GENERAL OBJECTIONS**

1. Plaintiff objects to the Interrogatories to the extent the instructions and demands therein purport to impose obligations in addition to, beyond, or different from those set forth in the Federal Rules of Civil Procedure and the Rules of Civil Procedure of the United States District Court for the Eastern District of Pennsylvania.
2. Plaintiff objects to the Interrogatories to the extent they call for the identification or disclosure of information that is neither relevant to the claims and defenses of any party in this action nor reasonably calculated to lead to the discovery of admissible evidence. Plaintiff submits these responses and objections without conceding the relevance or materiality of the subject matter of any interrogatory.

INTERROGATORY NO. 13

For each website plaintiff, identify a representative sample of webpages on your website which contains material about which you fear prosecution under COPA, as referenced in Paragraph 2 in the section titled "The Impact of COPA on Plaintiffs" on page 24 of the Amended Complaint that "[P]laintiffs fear prosecution under COPA for communicating, sending, displaying, or distributing material that might be deemed 'harmful to minors' by some community in the United States."

RESPONSE TO INTERROGATORY NO. 13

Plaintiff objects that this Interrogatory is premature, unreasonably cumulative and duplicative of Document Request No. 1, and calls for identification of information that is in the public domain. Plaintiff also objects that the phrases used to define "representative sample," including "distribution of characteristics," "degree of explicitness of sexual content," and "population or universe" are vague and ambiguous. Subject to the foregoing and to the General Objections, Plaintiff refers to the web content identified in the Amended Complaint and responds as follows: Plaintiff's website contains webpages that contain definitions of words and phrases that address sexual issues and/or contain candid and explicit discussions of sexual matters. Examples of such definitions include:

1) "Cornhole" <http://www.urbandictionary.com/images.php?imageid=42222> (last viewed October 24, 2005);

2) "Smegma"  
<http://www.urbandictionary.com/define.php?term=smegma&defid=1459104#1459104> (last viewed October 24, 2005);

3) "Blumpkin" <http://www.urbandictionary.com/define.php?term=blumpkin> (last viewed October 24, 2005);

4) "Dirty Sanchez" <http://www.urbandictionary.com/define.php?term=dirty+sanchez> (last viewed October 24, 2005);

5) "Santorum" <http://www.urbandictionary.com/define.php?term=santorum> (last viewed October 24, 2005);

6) "Frottage" <http://www.urbandictionary.com/define.php?term=frottage> (last viewed October 24, 2005);

7) "Cleveland Steamer" <http://www.urbandictionary.com/define.php?term=Cleveland+Steamer> (last viewed October 24, 2005);

8) "Donkey Punch" <http://www.urbandictionary.com/define.php?term=donkey+punch> (last viewed October 24, 2005);

9) "Chode" <http://www.urbandictionary.com/define.php?term=Chode> (last viewed October 24, 2005);

10) "Taint" <http://www.urbandictionary.com/define.php?term=taint> (last viewed October 24, 2005).

INTERROGATORY NO. 14

For each website plaintiff, identify a representative sample of webpages on your website which you believe contains material that has serious literary, artistic, political, scientific and/or social value for adults.

A term heavily used in the first-person shooter multiplayer online game "Battlefield 2." Teabagging is referred as, upon a successful kill of another player, crouching over the head of the victim's dead body as they lay on their back (dead); and doing so repeatedly in a "teabagging" motion. This act is to shame and humiliate the victim player, and usually incites anger and violence. This act is not unlike dances performed by football players after a touchdown.
